

Smarte byer - Smart transport

Jarle Frøshaug  
Move About AS

Under the concept Mobility Park we provides car- and e-bikesharing with a well proven business model, expanding to include Taxi, Public transport, Car rental and ridesharing.

**400**

In 2018 we will manage more than 400 shared cars, mostly EV's, and more than 220 e-bikes in our shared fleet.

**150**

150 corporate customers including IKEA, Microsoft, ABB, DNB, Deloitte, DNV-GL, Statkraft, Halden commune, Ski kommune and E.ON in 25 cities in Sweden and Norway.

**1,500,000**

Move About has delivered 1,500,000 trips for customers in Europe and North America.

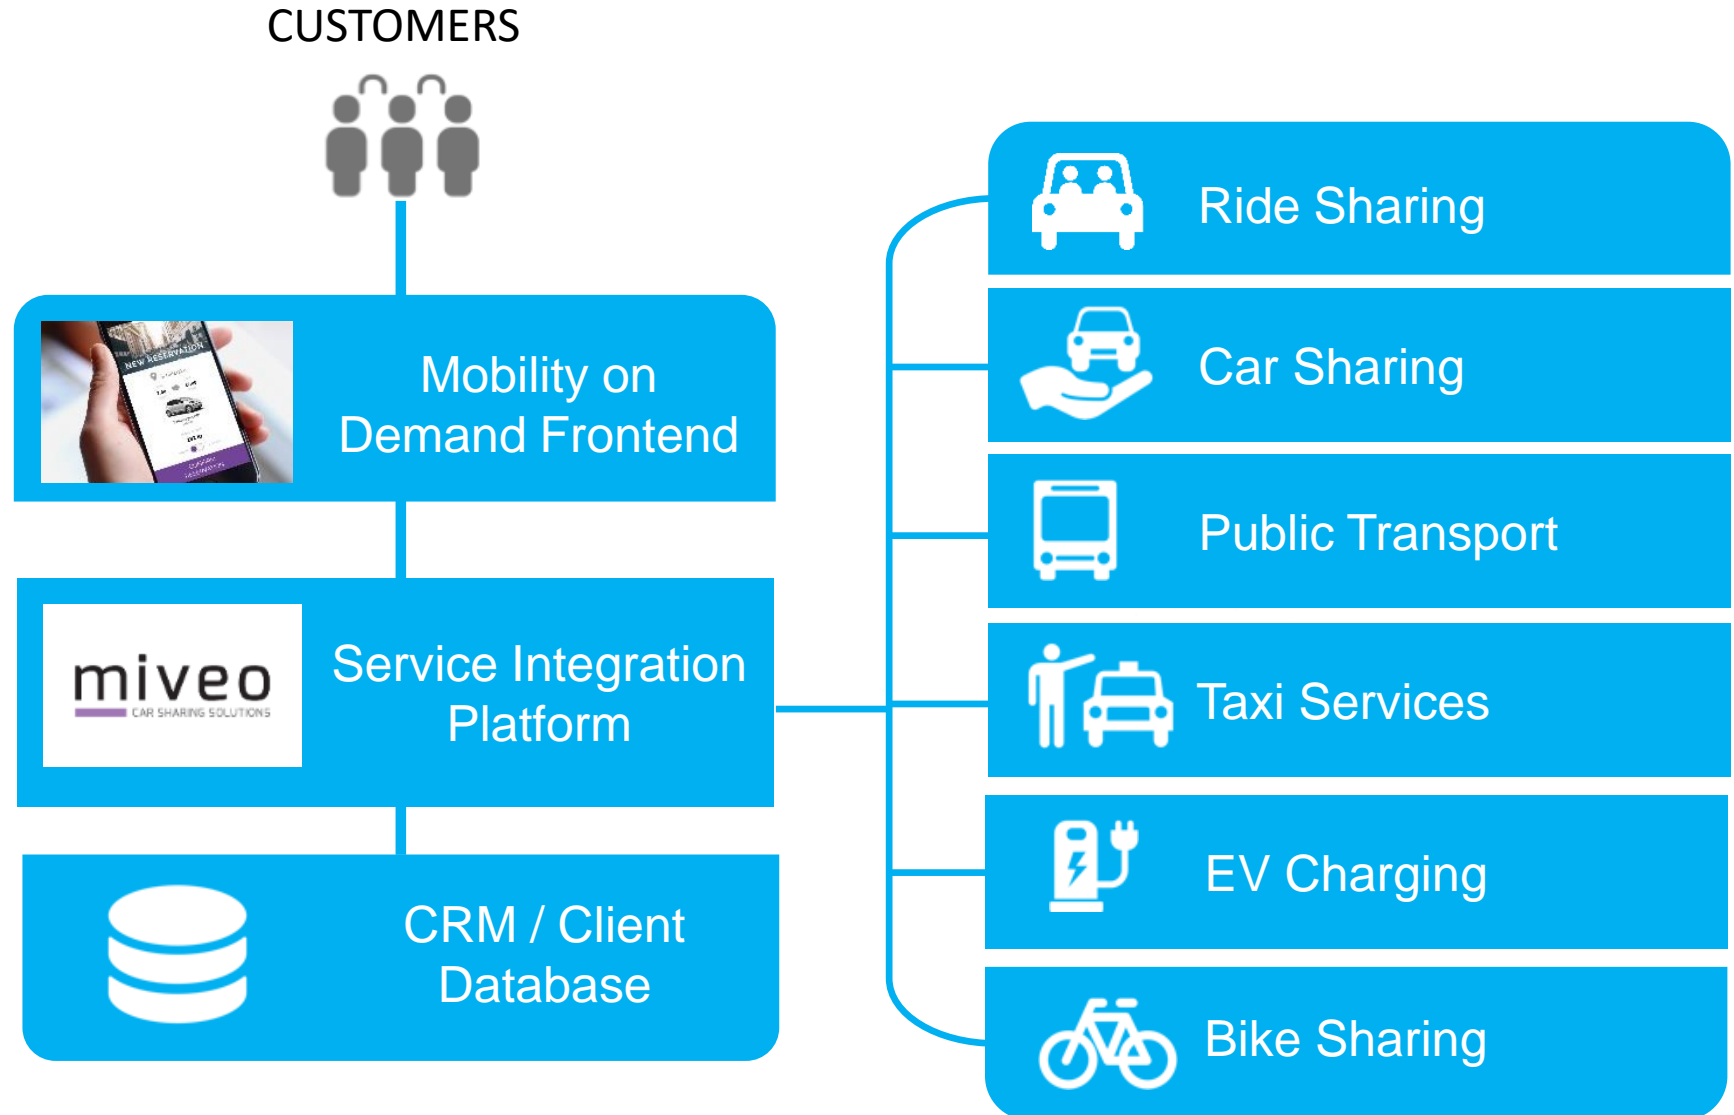

OUR GOAL:

**To cover all work-related mobility needs**

OUR TOOL:

## **A Seamless Mobility-on-Demand Platform**

Building on the MoD service Move About already run, our newest platform will optimize how we best use electric vehicles, ebikes, e-scooters and other services for traveling to / from and at work and at home.
